

Surfaced Pro Announced as first event on UK Pro Surf Tour 2017

Due to the success of last year's surf event the Surfaced Pro returns to the UK Pro Surf Tour. Focusing on equality the competition will showcase the best male and female surfers in the country, providing equal prize money and points on the UK Pro Surf Tour across the divisions for both genders.

The event is scheduled to take place over two days on 6th and 7th May at Watergate Bay

As one of the county's largest education and training providers, Cornwall College students from the Surf Science and Technology course will be organising and running the event.

Supporting the event is the Extreme Academy based at Watergate Bay, an iconic surfing location on the north coast of Cornwall which has an active role within the surf industry and hosted many competitions over the years.
