

## Smart Parking Technology | **Media Release**

For release 15/06/2018

**Smart Parking are turning it on again for the annual Night Surf event at Newquay's Fistral Beach.**

**For the fifth year running, Smart Parking will be sponsoring Event 3 of the UK Pro Surf Tour - the world famous Smart Parking Night Surf 2018.**

The UK Pro Surf Tour is in its 21st year and continues to see more amazing talent showing their stuff at some of the best surf locations across the UK. The organization is dedicated to inclusivity and development of talent, and each event of the UK Pro Surf Tour is a great chance to witness surfers of all nationality, gender and age come together for some fierce competition in an electric atmosphere.

Smart Parking are proud to support this worthwhile organisation, and the Night Surf event at Fistral Beach has proven to be one of the most exciting and legendary events on the Tour.

The Smart Parking Night Surf 2018 is the only event of its kind in the UK, and is being held on the 6th - 7th July. It's a great chance for the community to get together to enjoy live music & DJs, a festive atmosphere and of course some world-class surfing!

"Smart Parking are delighted to once again bring you the Night Surf event of the UK Pro Surf Tour. This is a great opportunity for the community of Newquay to come together to watch some of the best surfers in the UK and we're proud to support such a fun and worthwhile event." - Smart Parking CEO Paul Gillespie.

You can check out other events on the UK Pro Surf Tour at [www.ukprosurf.com](http://www.ukprosurf.com), and find out more about Smart Parking at [www.smartparking.com](http://www.smartparking.com).

**Smart Parking Limited (ASX:SPZ) | A Global Parking Business**

Smart Parking Limited is a pioneering technology innovator and services company in the parking industry.

With offices in Australia, New Zealand and the UK, along with a rapidly growing global network of expert partners, our aim is to bring our intelligent parking sensors and integrated smart parking services to the world.

Each year, we install tens of thousands of sensors in a range of environments including shopping centres, supermarkets, airports, commercial parking sites, universities and large scale municipal street environments.

To date, our advanced real-time vehicle parking sensor solution, known as SmartPark, has been adopted in 17 countries.

Alongside the technology products division, our managed services division operates and manages thousands of car park spaces across the UK using complementary Automatic Number Plate Recognition/License Plate Recognition (ANPR/LPR) technology. This can be used as a single solution or with the option to be combined with Pay & Display or integrated with sensing technology.

Smart Parking Limited has been an Australian Securities Exchange (ASX:SPZ) publicly listed company since early 2011.
